Dear Gottlieb:

I am writing you first of all to ask you to send me your lineup and numbers as soon as possible. Opening day is right on our neck. If you cant send it right away, please make a note of it so I wont have to write again. I am working without any help, in the office or anywhere else.

Next please send the \$100.00 for the treasury. It was due in by the 26th of April.

Next are you going to send me an umpire for the 9th?

Next when is Chester, Camden and those places going to start playing? Are there any other spots? We are going south with The Grays the week of the 10th to the 13th.

Now what about the 30th? Have you decided anything about it yet. You know it is just a month off now.

We had a nice crowd in Washington Sunday I know you heard, 10000. The games were not so hot sorry to say.

I hope your team is shaping up, and our opening games will be nice.

Very Truly Yours
